

College of Insurance
Insurance Institute of India, Mumbai
Classroom Training Session on Miscellaneous Insurance
Management, Program ID – CPG56
(From: 15th – 17th January 2024)

Relevance of the Program:-

There are multiple lines of General Insurance businesses that do not fall under the popular categories. Some of these are related to business and some to personal and financial security of individuals. Some products have been traditionally classified as Miscellaneous Insurances. However, some are new innovative insurance products that cater to the complex modern day challenges in business and lifestyle. On the one hand, such innovative products could be unique ideas for satisfying customers' needs, while on the other, these products could help in capturing some untapped segments of the market, support the economic development of the country and add to the growth to the overall insurance sector, in the long run. All these factors indicate that products underwritten under the miscellaneous class of business need to be viewed more seriously.

This program is designed to give an overview of multiple popular products under the Miscellaneous lines of business.

Program Objectives:-

The program aims to equip participants with knowledge of different types of products in Miscellaneous insurance, current trends and innovations, concerns in underwriting and claims management, future prospects of growth, etc.

Program Contents:-

- Understanding various traditional and emerging Miscellaneous insurance products
- Challenges in underwriting Miscellaneous class of business
- Challenges in handling Miscellaneous Insurance claims
- Future perspectives in Miscellaneous Insurance
- Packages and Specialised Insurances.

Participant's Profile:-

Officials handling Miscellaneous Insurance (underwriting and claims) in the offices of public and private sector General Insurance Companies, Brokers, Corporate Agents, Banks and Insurance Marketing Firms.
