Program Concept and Objectives:

The health insurance sector is undergoing a transformation driven by technological evolution, shifting consumer expectations, and changes in the regulatory framework. Professionals operating in this dynamic environment must stay ahead of these changes and proactively address customer needs.

This training program aims to provide participants with insights into emerging trends in the health insurance industry and equip them with the knowledge to navigate the evolving ecosystem effectively, ensuring the sector's sustainability.

COI has created '*Virtual Training (CVT) Rooms*' to offer a cost-effective platform for participants to enhance their skills and knowledge remotely. This one-day virtual program will delve into new trends shaping the health insurance space and their impact on market practices.

Key Takeaways from the Program:

- Gain an appreciation of the **new technologies** influencing the health insurance market.
- Understand the **innovative approaches** to customer service delivery.
- Explore **regulatory initiatives** and their impact on the sector.
- Grasp the **key highlights** of the Master Circular on Health Insurance.

Participant's Profile:

- Executives from **Health, General, and Life Insurance Companies**.
- Professionals from **Brokers, Insurance Marketing Firms (IMFs), Hospitals, and Third-Party Administrators (TPAs)**.
