

College of Insurance Insurance Institute of India, Mumbai Virtual Training Session on Creating High performers in BancaChannel (CVT-CHP), (On: 8th August, 2024)

Program Concept and Objectives:

In the Competitive Era, a sustainable and cost effective distribution channel is the need of the hour and Bancassurance is the most sought-after "distribution channel" for garnering individual new Business premiums for all Life Insurers. This is because of the

- The low acquisition cost of acquiring business compared to other channels
- The captive customer base easing the challenges of cold calling and prospecting

Though Bancassurance channel is in vogue for over 20 years, Insurers still face the challenges pertaining to Specified Persons who often perceive role conflict and injustice to their core business. This requires better role clarity and Customer perspective to motivate them to effectively market Insurance solutions. Awareness of Regulatory compliance requirements, developing the selling competencies among the Specified Persons of the Bank, require continuous support, empowerment and hand holding by Bancassurance Managers of the Insurance companies.

Keeping the above in mind, this Program has been designed to provide the necessary skills, conviction and knowledge to the Bancassurance Managers of life Insurance companies.

COI has created '*Virtual Training (CVT) Rooms*' to conduct training program in a cost-effective manner for participants to equip themselves academically at their respective locations.

Key Takeaways from the Program:

The participants of the Program will get the knowledge, and appreciation of the following

- The Need for Banks to sell Life Insurance Products-Perspectives of Banks & Customers
