### Classroom Training Session on Inspiring Role of Women in Leadership (CT-IRWL)

(On : 20<sup>th</sup> February, 2025)

#### Program Concept and Objectives:

Societal and economic development are key to the progress of civilization. Men and women are equal partners in the journey of life, contributing in their own way in the societal and economic progress. Women have been considered as the weaker sex for a long time, and even now at many places. Women were not treated at par in physical and mental capabilities, and been deprived of equal opportunities to grow and prosper. In the present day, women have broken many glass ceilings to achieve in the long unexplored areas of aviation, defence, mountaineering and other sporting areas. Women have shown their prominence in the government as well as in the corporate world, nationally and internationally. What drives women to come to the fore front and assume important positions and responsibilities is a focus area to be deliberated upon. The nation gave a boost to this thought by providing 33% reservation to women in the Lok Sabha. In insurance industry too they have proved their mettle in various capacities. The scope and opportunities for women leaders is great in a society that has no Gender Bias.
