

College of Insurance Insurance Institute of India, Mumbai Virtual Training Session on Basics of Reinsurance (CVT-BR), (From: 6th to 7th August, 2024)

Program Concept and Objectives:

Natural catastrophes like earthquakes, tsunamis, floods etc. are increasingly affecting the world and the insurance/reinsurance industry is facing the devastating effects of these occurrences in different parts of the world. The impact of man-made disasters has also hit the sector badly in recent times. All these changes have made it imperative for insurance practitioners to develop a basic understanding of the concepts, emerging trends and practices related to reinsurance business to maintain their relevance in the present day. This will help them in using the reinsurance mechanism effectively.

A better understanding of reinsurance helps Insurance and Reinsurance practitioners in seeking/ providing better terms to their customers. It would also help in faster claims settlements in case of any disastrous events.

Through this program, the College of Insurance (COI) aims to provide a stronger theoretical framework to insurers and others involved in designing reinsurance arrangements and implementing them.

COI has created '*Virtual Training (CVT) Rooms*' to conduct training program in a cost-effective manner for participants to equip themselves academically at their respective locations.

Key Takeaways from the Program:

The program is designed to enable participants to:

- Understand Basics of Reinsurance
- Familiarize themselves with various kinds of Reinsurance arrangements
- Appreciate some important terms and clauses of Reinsurance contracts
- Appreciate the new practices in the global market in area of Reinsurance

Participant Profile:

The program is specially designed for insurance executives in insurance, reinsurance and broking companies, whose roles require knowledge and skills relating to reinsurance.
